DETAILED ACTION

Applicant's amendment and arguments filed on 04 December 2006 have been fully considered. Claims 32-50 are therefore allowed with the additional limitations included. Claims 51-65 have been previously allowed.

Examiner's Statement Of Reasons For Allowance

The following is an examiner's statement of reasons for allowance:

In regards to claims 32-50 and 62, the prior art of record fails to disclose or reasonably suggest the prior art of record fails to disclose or reasonably suggest all of the limitations as claimed but more specifically, fails to teach the removable hole generating element to have a diameter greater than 0.1mm (100 μ m).

A close prior art of record was previously relied upon White (now withdrawn). White discloses the diameter to be in the order of micrometers (μ m). Examples of the diameter taught by White are 0.45 μ m (Example 1) and from 0.12 μ m to 1.0 μ m (Example 3).

Claims 51-65 have been allowed for the reasons indicated in the previous Office action, mailed 17 October 2006, paper number 200610.

Therefore, claims 32-65 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
